Massachusetts Office on Disability

July, 2000

In recognition of the 10th Anniversary of the signing of the Americans with Disability Act (ADA) the Massachusetts Office on Disability (MOD) undertook this survey of municipal access in the Commonwealth of Massachusetts.

Similar surveys were done in 1988, two years before passage and in 1995, five years after passage. These surveys while similar, are not identical. Each sought more in-depth information.

This survey was initially distributed in January, 2000 to each of the 351 municipalities. It was sent to the City/Town Administrator, the ADA Coordinator, and the Commission/Committee on Disability. All non-responding communities were contacted a minimum of four times.

In 1988, 250 municipalities responded to the survey; in 1995, 231; and in 2000, 289. In some areas it may appear that there are lesser percentages. The additional number of communities responding may account for this. **The results of the survey have not been verified by MOD.**

The 2000 survey seeks information from those communities having a Commission or Committee on Disability. This year, the Office of the Secretary of State and the Office on Disability undertook a joint project with the City and Town Clerk's Associations and MOD volunteers regarding access to the Commonwealth's over 3,000 polling places. The results of this question are a reflection of that activity.

The Massachusetts Office on Disability is the State Agency charged with bringing about full and equal participation of people with disabilities in all aspects of life. It works to assure the advancement of civil rights and full opportunities for people with disabilities. It is the Americans with Disabilities Act Coordinator for the Commonwealth.
